

Putnam County Activities Handbook
Appendix A

(Forms to be signed by student and parent)

Eligibility Requirements

The Missouri State High School Activities Association (MSHSAA) is comprised of approximately 750 member schools, both public and private, across the state of Missouri. MSHSAA's eligibility requirements have been voted on by the member schools and were adopted by your school when it became a MSHSAA member. Your school will also have local school requirements that you must comply with in order to be eligible.

Information contained on this page will acquaint you with the essential rules and regulations students and schools must follow in order to maintain and protect high school eligibility. No one requirement is more important than another. Any questions you have concerning these essential requirements or eligibility should be discussed with the school principal or athletic director. These administrators have copies of all MSHSAA eligibility requirements.

Requirements

1. Bona Fide Student

- In order to represent your school, you must be a bona fide student and meet all eligibility requirements. You must be enrolled in and regularly attending classes at the member school you wish to represent and you must meet the academic requirements in MSHSAA By-Law 213 and those of your local school.

2. Citizenship

- You must be a creditable citizen. Creditable citizens are those students whose conduct - both in school and out of school - will not reflect discredit upon themselves or their school.
- NOTE: Conduct involving law enforcement should be reported to your principal or athletic director immediately as your conduct may affect eligibility or contest outcomes.

3. Sportsmanship

- If you commit an unsportsmanlike act while participating in an event, you could become ineligible.
- If your conduct as a spectator is found to be unsportsmanlike, you could be barred from attending any further high school contests.
- The unsportsmanlike conduct of any spectator, regardless of age, could cause that spectator to be barred from attending school contests.

4. Academics

Grades 9-12

- You must have earned, the preceding semester of attendance, a minimum of 3.0 units of credit or have earned credit in 80% of the maximum allowable classes in which any student can be enrolled in the semester, whichever is GREATER, at your school.
- For your current semester, you must be enrolled in and regularly attending courses that offer 3.0 units of credit or 80% of the maximum allowable credits which may be earned at your school, whichever is GREATER.

- Credits earned or completed after the close of the semester will not fulfill this requirement. Summer high school courses for FALL academic eligibility may count provided the course is necessary for graduation or promotion (no electives), and credit is placed on the school transcript. No more than one unit of credit in summer school shall be counted toward eligibility. Correspondence courses may not be used to re-establish academic eligibility.
- Students promoted for the first time into 9th grade are considered academically eligible for the first semester after promotion.
- Do not drop courses without first consulting with your school principal, athletic director or counselor to determine whether doing so will affect your eligibility.

Grades 7-8

- You must be enrolled in a normal course load for your grade at the member school.
- You will be ineligible if you failed more than one class the previous grading period.
- You must have been promoted to a higher grade prior to the first day of classes for the new school year.
- Students promoted for the first time into 7th grade are considered academically eligible for the first grading period after promotion.

5. Semesters of Participation

Grades 9-12

- You are eligible to participate in any sport for a maximum of four seasons (an exception is in place for schools sponsoring baseball or softball in both the fall and spring). Any part of a contest played during a season counts as a season of participation.
- Your eligibility to participate in high school activities begins when you first enter the ninth grade and lasts for the next *eight consecutive semesters (four consecutive years)*.

Grades 7-8

- You are eligible for only your first two semesters of attendance in the seventh grade and for only your first two semesters in the eighth grade.
- You are not eligible to compete with or against students enrolled in the tenth grade or above when you are enrolled in either the seventh or eighth grade.

NOTE: Check with your school principal or athletic director for exceptions to this rule if you are ineligible due to your age.

6. Age Limits

Grades 9-12

- If you reach 19 years of age prior to July 1, you will be ineligible the next school year.
- Over-aged eighth graders should be moved up to the senior high team to have eight semesters of eligibility.

- Over-aged 6th graders should be moved up to the 7th grade team to participate, because they will be ineligible as seniors.

Grades 7-8

- In order to participate on or against teams made up of only seventh-graders, you must not have reached 14 years of age prior to July 1 preceding the opening of school.
- In order to participate on or against teams made up of only eighth-graders, you must not have reached 15 years of age prior to July 1 preceding the opening of school.
- In order to participate on or against teams made up of only ninth-graders (freshmen teams), you must not have reached 16 years of age prior to July 1 preceding the opening of school.
- Students may participate with the next higher grade team if they no longer meet the age limit for their grade.

NOTE: Check with your school principal or athletic director for options available to you if you are ineligible for your grade level because of age.

7. Entering School

- You must enter school within the first 11 days of the semester in order to be eligible that semester.

8. Recruiting of Athletes

- You will be ineligible for your career at a school if you are influenced by a person to attend that school for athletic or activities purposes. You may, however, return to your original school and be ineligible for no more than 365 days.

9. Playing Under A False Name

- If you compete under an assumed or false name, you immediately become ineligible for up to 365 days.

10. Amateur and Awards Standards

- An athlete must maintain “amateur standing” 365 days a year *in the sport concerned* in order to participate in interscholastic athletics – the following restrictions govern the receipt of awards in both interscholastic play AND non-school competition/participation.
- After entering a member school, you will become ineligible *in the sport concerned* if you receive any of the following PROHIBITED awards for participating in an athletic contest or being an athlete:
 - An award of cash, a gift-certificate/gift-card or an award that is the equivalent of cash is PROHIBITED for amateurs.
 - Merchandise which exceeds a manufacturer's suggested retail price (MSRP) of \$100 is PROHIBITED for amateurs. However, there is no value limit in regard to awards which are symbolic in nature, such as medals, ribbons, trophies, plaques, etc.
- Awards should be approved in advance by your school.

- Commemorative jewelry may be presented by the school (i.e. championship ring or necklace) (no value limit).

11. Nonschool Competition

- You may not practice for, or participate with, a non-school team or in any organized non-school athletic competition and for your school team *in the same sport* during the school sport season. Contact your school's athletic director for specific details in regard to the sports of swimming, tennis and golf.
- You may participate on a school team and a non-school team in *different* sports during the same season; *however*, you may not practice for the non-school team or participate in organized non-school athletic competition *on the same day* that you practice with or participate for the school team *without prior approval of your school administrator*.
- You must receive approval in advance from your school principal or athletic director in order to miss school time to practice for, travel to or compete in organized non-school athletic competition.
- You will become ineligible in any sport in which you play as a member of a junior college, college or university team.
- Before you join a non-school team or enter any non-school competitive athletic event, your school principal or athletic director should be consulted to make certain these standards are met.

12. Contact with Coaches

No-Contact Periods

- All Sports: The seven days prior to the first allowable practice date each season is a no-contact period in which no "contact" takes place between school coaches and students enrolled in the member school, or who will be enrolled in the member school during the upcoming school year.

Sport-Specific

- Before attending any specialized athletic camp(s)/clinic(s) or group sport instruction, you should consult with your school principal or athletic director to make sure it meets the criteria published in the MSHSAA Official Handbook.

13. College Auditions and Tryouts

- You may participate in an event conducted by a college or university during the school year under certain conditions. Consult your athletic director.
- You may participate in a college tryout, audition or evaluation event conducted by a private organizer for a specific sport outside the school season of the sport concerned.
- You may not miss school time to travel to or participate in the event unless your absence is approved in advance by the school administrator.

NOTE: See your administrator before signing up and agreeing to attend any such events.

14. Residence Requirements

- A student may be eligible at the public or nonpublic school located in the district in which the student's parents reside. In the case of a public multiple-school district, a student may be eligible at the school designated for the student to attend, based on parents' residence, by the board of education.

15. Transferring Schools

- If you transfer schools, you will be ineligible for 365 days, unless your circumstances meet one of the exceptions listed in the MSHSAA Residence and Transfer Rules (By-Law 3.10). Make an appointment with the school's athletic director to review these exceptions. Several, but not all, are described below.
 - Exception 1: If you move with your entire family across a boundary line into your new school district, you will be eligible at your new school provided you were eligible in all other respects at your former school and provided there are no other issues with the transfer. You and your entire family must move to the new residence at the same time prior to attending classes.
 - Exception 2: A student may be eligible immediately at the school of his or her choice upon first being promoted from the 8th grade into the 9th grade, provided the student is eligible in all other respects.
 - Exception 10: Foreign Exchange Students are eligible for varsity competition for one year and only if they are seniors (semester 7 or 8), provided they are participating in an exchange program listed by CSIET. However, no member of the school's coaching staff for the sport concerned may serve as a host family, or eligibility of the student will be affected.
- Always check with your school principal or athletic director before you transfer to determine whether it will affect your eligibility.
- School discipline follows a student to a new school. Being expelled, or being forced to withdraw, from a school also causes 365 days of ineligibility for a student.
- You shall become ineligible for 365 days if you transfer to another school for athletic reasons.

16. Graduated Students

You will be ineligible to participate after graduation from a senior high school or its equivalent. Students who are granted an early release after their junior year are ineligible for further participation.

NOTE: You are eligible to participate in state-series events which extend beyond the date of your school's graduation at the end of the spring semester of your senior year.

Bus Policy

In the interest of student welfare, students are to ride the school bus to a school-sponsored event and may ride home in another vehicle or may be delivered off along the way by following these guidelines:

- A parent/primary guardian may write a note for his/her student to ride home with another adult (**aged 21 or older**). This must be done before each game on a per game basis. No notes will be accepted for more than one game at a time. This note must first be taken to the office during regular school hours for the principal's signature and then given to the head coach/sponsor.
- The parent/primary guardian may also call the school office during the regular school day in place of sending a note.
- The adult responsible for the student must sign the student off the bus prior to taking the student.
- A parent may take his/her child off the bus by talking to the head coach/sponsor before the bus returns. Parents will be required to sign the student off the bus.
- For some school-sponsored activities, it is acceptable to help parents who have traveled to pick up their son/daughter at predetermined points. Additional drop off points not listed below will be established according to location of the event at the beginning of each season with administrative approval. Criteria for drop off points are selected depending upon the space needed for the bus being able to turn the bus around and safety of our kids. However, the following drops off points have been established and will not change:
 - **East-** Livonia & Water Tower
 - **West-** Hwy 139, Midway, & Lucerne
 - A parent may write a note (for the season) for his/her child to get off the bus at a convenient location. If a car is not waiting for the student, he/she will be brought to the school.
- The head coach/sponsor reserves the right to request that a student ride the bus home unless otherwise specified by administration.
- If parents are unable to make contact with the head coach/sponsor, the parents may sign a student off the bus with the administrator on duty.

Random Drug and Alcohol Testing Program for Extracurricular activities

For the purpose of this policy, extra-curricular will be defined as a school sponsored activity that takes place outside of the regular classroom setting that does not have a class grade attached to it.

The Putnam County R-I School District reserves the right to conduct a program of random testing for student athletes for the illegal use of controlled substances and alcohol, as defined by applicable law. For this purpose, any student participating in any extra-curricular activities will be subject to random testing during the period commencing with the first day of participation and ending on the last day of student participation in that activity.

Consent: The parent or guardian and the student athlete will be required to sign a written consent for random testing prior to participating in the extracurricular activity. One signed consent form will be satisfactory for all extra-curricular activities.

Medication: Students who have been or who are taking prescription medication must provide verification upon request (RE: a copy of the prescription or by a written physician's statement will be sufficient). This information may be provided confidentially by the student, or parents or guardian, to the testing laboratory upon request to the school administration. The administration will provide a number, code or other means of identification for the student to provide to the laboratory with such information so as not to personally identify the student. Students who refuse to provide information required for verification and who test positive will be subject to the consequences specified for positive tests.

Selection: All students may be tested at the beginning of a season or school year. Random testing may be conducted only during the season or time period during the school year in which the student is participating in extracurricular activities. Students selected for random testing will be selected by having their names drawn at random from a pool of all students in extracurricular activities. Any extra-curricular organization that is part of a class grade will be considered co-curricular and the students will not be subject to a drug test.

Testing: Testing will be administered by urinalysis. Appropriate steps will be taken to respect the privacy of students while at the same time preventing falsification of the testing. Testing procedures shall be conducted according to procedures designed to ensure the integrity of specimens and chain of custody of the specimens. Testing laboratories will not be given a student's name or personally identifiable information about a student. Testing procedures applicable to mandatory testing of transportation employees may be utilized, but shall not be required. All students randomly selected during the school year will be tested for the same substances. Students will be given reasonable notice of the circumstances of the time, place and manner in which they will be required to provide the sample. Test results will remain confidential, and will only be released on a need to know basis in accordance with applicable law. The superintendent may provide for regulations governing the testing process that are consistent with this policy.

Non-negative Test: If a student's test is non-negative, a second test will be administered from the original sample to confirm the initial results. If the second test is negative, no further action will be taken. If the second test is non-negative, the student and, if the student is under 18, parents or guardian will be notified.

Consequences: Consequences for non-negative tests shall be suspension from participation in all extra-curricular activities until the student tests negative. At a minimum, the student will be suspended from the sport(s) and/or activity(ies) in which he or she was participating for ten days. If a student tests non-negative a second time in one school year, they will be suspended from all extra-curricular activities for that school year. After a student tests non-negative, any additional testing or education and counseling required of the student in order to participate in extracurricular programs shall be at the expense of the student, parents or guardian.

Confidentiality: Parents of students who are under 18 and who still have the right of access to student records will receive all information applicable to the testing of their children under this policy. All information and records relating to a student's participation in the testing program under this policy shall remain confidential and shall be maintained in a separate file.

Appeals: Students may appeal any suspension from activities under this policy through the student grievance policy.

Adopted: September 10, 1998

Revised: May 7, 2003

Revised: July 9, 2009

Putnam County R-I Board of Education

Random Drug and Alcohol Testing of Students in Building Trades Class- adopted June 10, 2004

Notwithstanding any other provision of this policy to the contrary, students who wish to enroll in Building Trades and who therefore will potentially be operating construction tools and equipment in an off-campus setting, will be subject to random drug and alcohol testing, prior written consent to such testing, and all of the other provisions of this policy otherwise applicable to random drug and alcohol testing for students participating in extracurricular activities.

CITIZENSHIP STANDARDS FOR ELIGIBILITY

Student activities in the Putnam County R-I Public Schools provide a program for students to pursue special interests in addition to the more formal class activities. Student activities help develop leadership abilities, promote school spirit and loyalty, establish habits of good citizenship, and provide opportunities to learn to work as a part of a group. Although student activities are important for the all-around development for students they must necessarily be of secondary importance. Regular classroom work must come first.

The Putnam County R-I Public Schools Activity Program has traditionally been represented by excellent students who are outstanding citizens. Only a few students make errors in judgment which makes necessary a review of their citizenship.

The MSHSAA Official Handbook contains the following statement:

By-Law 212.0

Students who represent a school in interscholastic activities must be creditable citizens and judged so by the proper school authority certifying a list of students for competition. Those students whose character or conduct is such as to reflect discredit upon themselves or their schools are not considered "creditable citizens."

Conduct shall be satisfactory in accord with the standards of good discipline.

A student should not be considered eligible while under suspension. The student who is expelled or who withdraws from school because of disciplinary measures shall not be considered eligible for 365 days from the date of expulsion or withdrawal.

The following citizenship standards for eligibility have been approved by the Board of Education as school policy for the Putnam County R-I Public Schools and are applicable to any student who represents their school.

CITIZENSHIP STANDARDS FOR PARTICIPATION IN STUDENT ACTIVITIES PROGRAM

Participation in student activities is a privilege and not a right. Creditable citizenship shall be one of the criteria for participation in school activities. Creditable citizenship includes such things as regular and punctual attendance and a quality of conduct which promotes the best interests of school. Therefore, students shall exhibit standards of behavior which will bring credit to the student, the activities, the school and the community.

The Board insists that the student behavior shall be in compliance with School Board policy, Student/Parent Handbook Discipline Code and Regulations and with public laws. Repeated referrals of a student to the office of the principal, (or any other person having general responsibility for discipline in the school) for misbehavior may be sufficient reason to declare a student ineligible. A single serious breach of good conduct, either in or out of school may also be sufficient cause for declaring a student ineligible to participate in a school activity. Behavior not in compliance may result in suspension or expulsion from all extracurricular activities. While it is not possible to cite every example of behavior that violates policies, regulations, or public laws, there are certain behaviors that are more frequently a problem for school systems than others and will be addressed herein, as follows:

1. A minimum fourteen (14) calendar day suspension from participation in the activities program will be assessed for a violation of district citizenship discipline standards which result in an out-of-school suspension; and/or for a serious breach of good conduct away from school which is verified to the satisfaction of the Administration;

2. A minimum twenty-eight (28) calendar day suspension from participation in the activities program will be assessed for a violation of the of the Student Alcohol/Drug Abuse Policy that occurs away from school and results in a summons being issued to the student, or charges being filed in court against the student or conduct which is verified to the satisfaction of the Administration.

A second violation of the citizenship standard will result in expulsion from the activities program for the remainder of the school year.

The board will monitor the district's extracurricular activities program, through the authority it extends to the Superintendent and principals, to authorize and administer it in keeping with this policy and Board-approved regulations.

Adopted July 14, 2011

The School District of Putnam County R-I, Missouri

The School Board also believes that consistent administration of this policy is important from school to school, and from activity to activity, and that appropriate due process procedures must be followed before any student is suspended from participation.

Each individual coach or sponsor, after consulting with the principal or his designee, has the authority to decide whether or not a student will be allowed to practice with a team or school sponsored group while that student's eligibility is suspended.

In addition to these standards, students must abide by the rules and regulations of the Missouri State High School Activities Association. The following rules are included in the rules to the MSHSAA official handbook, and are listed here to help students and parents understand state requirements and to help avoid a misunderstanding which could lead to violations of eligibility standards.

1. A student who misses a class on the date of a contest without being excused by his principal shall not be considered eligible to represent his school on that date.
2. Any student who withdraws from school because of disciplinary measures shall not be eligible for any interscholastic activity for one full year from the date of withdrawal.
3. A student in grades 9-12 must have earned, the preceding semester of attendance, a minimum of 3.0 units of credit or have earned credit in 80% of the maximum allowable classes in which a student can be enrolled in the semester, whichever is greater, and shall currently be enrolled in and regularly attending courses that offer 3.0 units of credit or 80% of the maximum allowable credits which may be earned, whichever is greater, or a student must be enrolled in a full course at his or her level in a special education program for the handicapped approved by the Missouri State Department of Education which, though ungraded, enrolls pupils of equivalent age, and that student must have made standard progress for his or her level the preceding semester. A student must be making satisfactory progress towards graduation as determined by local school policies.
4. A beginning ninth grade student shall have been promoted from the eighth grade to the ninth grade for first semester eligibility.
5. Transfer at Promotion: A student may be eligible immediately upon first entering when:
 1. The student is promoted from the sixth grade to the seventh grade

2. The student is promoted from eighth grade (or the highest grade of a junior high school administered as a separate unit within a school system), provided the student is eligible in all other respects.
6. Non-school competition: Before competing in any non-school competition check with your coach or member of the administration.
7. The school shall require of each student before the student is allowed to practice or participate, a physician's certificate stating that he or she is physically able to participate in athletic contests of his or her school.
8. A student shall not be permitted to practice or compete for a school until it has verification that he or she has basic athletic insurance coverage.
9. **Conduct involving law enforcement should be reported to your principal or athletic director immediately as your conduct may affect eligibility or contest outcomes (loss of eligibility for up to 365 days).**

Please sign and return to your coach or activity sponsor. No student will be allowed to participate in any interscholastic activity or school related activities before the public, until this form is signed and on the file in the office.

PARENT/SPECTATOR EXPECTATIONS

Parents, guardians, and spectators are encouraged to cheer their teams with enthusiasm while exhibiting good sportsmanship. The school will not tolerate being on the floor before, during, or after the game, or berating the players, coaches, and/or officials.

ISSUES NOT APPROPRIATE TO DISCUSS WITH THE COACHES AT ANY TIME

1. Pressure to increase playing time.
2. Team strategy
3. Play calling
4. Other student-athletes and/or participants

There are situations that may require a conference between the coach and the parent. These are to be encouraged. It is important that both parties involved have a clear understanding of the others' position. When these conferences are necessary, the following procedures should be followed to help promote a resolution to the issue of concern:

1. Call to set up an appointment with the coach (24 hour waiting period)
2. Student athletes must be present during all meetings unless agreed upon by both parties.
3. Do not attempt to confront a coach or interfere with the players before, during, or after a contest or practice unless their student has been injured. Parents and spectators should not enter the locker room, dugout, bench, or be on the sidelines before, during, or after a contest or practice unless their student has been injured and they have the coaches' permission. These can be emotional times for both the parents and the coach. Meetings of this nature usually do not promote resolution.

If these procedures, including sportsmanship, are not followed, the parent, guardian, or spectator will face the following consequences:

PARENT/SPECTATOR EXPECTATIONS

FIRST OFFENSE:

The parent, guardian, or spectator will not be allowed to attend the next competition at that level and must have a meeting with the administrative staff.

SECOND OFFENSE:

The parent, guardian, or spectator will be asked to have a meeting with the administrative staff and will not be allowed to attend any other games or activity for that season.

These terms apply to home and away games. Suspensions not fulfilled will be carried over into the following year.

APPEALS PROCESS

If players or parents feel that there are extenuating circumstances they are welcome to follow through the appeal process. There is an established line of working through issues. The hierarchy follows the pattern of :

- 1) coach
- 2) athletic director
- 3) principal
- 4) superintendent
- 5) Board of Education

If at any level of the process they are not happy with results they can move to the next.

**Please sign and return the signature sheet(s).
Thanks for your cooperation!**

Activities and Athletics

Acknowledgement of Putnam County School and High School Activity Handbook Rules and Guidelines

District Guidelines for Student Activities

Participation in District-sponsored activities and on District athletic teams is a privilege and not a legally protected right. Although students do not possess a legally protected right to participate in extracurricular activities, the District provides students suspended from participation with an informal opportunity to discuss the basis for their suspension.

Hazing Prohibited

I agree that I will refrain from participating in any student hazing activities as a participant or as an observer. I further understand that violation of the District's hazing policy may result in suspension or expulsion from school and suspension or expulsion from participation in all activities.

Student and Parent Acknowledgement of the Rules and Guidelines laid forth in the Putnam County School and High School Activity Handbook

I acknowledge that violation of any of the above rules and guidelines for this activity may result in suspension or permanent removal from this activity or all extracurricular activities depending upon the nature of the violation. I further agree that subject to an opportunity to present the

student's version of the alleged violation, the decision of the Superintendent/designee concerning suspension and duration of suspension is final.

BUS POLICY

We understand and agree to abide by the Putnam County R-I School District procedures and guidelines for school-sponsored activities which require a **school bus for transportation**.

DRUG TESTING PARTICIPATION AND CONSENT FORM

I have read the District policy concerning random drug and alcohol testing and agree to participate in the testing program. I understand that my/our signatures below authorize the District to obtain a urine sample from the student whose signature appears below if his or her name is selected as part of the random selection procedures described in the proceeding program materials. I also understand that my/our signatures on this form authorize(s) an independent laboratory to perform a drug test on the urine sample to test only for the presence of illegal substances or performance enhancing drugs. I/we also understand that if a "Non-negative" test results, the student and parents or guardians may need to disclose any over-the-counter or prescription medications the student is or has taken. I/we also understand that currently available drug tests are not 100% reliable and that false Non-negative tests may result.

A PARENT/GUARDIAN'S GUIDE TO CONCUSSION- I have read and understand the section on recognizing and protocols regarding concussions

PARENT/SPECTATOR EXPECTATIONS

I have read and understand the **parent/spectator expectations** and agree to comply with these rules.

CITIZENSHIP STANDARDS FOR ELIGIBILITY- I have read and understand the section regarding citizenship expectations and agree to abide by these expectations

Affirmation of Priority Sport**

Guidelines- Only necessary when a student is involved in more than one sport during the same season

1. Students wishing to participate in more than one sport must declare priority/secondary choices.
2. Each student must meet the eligibility requirements (conditioning practices) of each specific sport
3. If there has been no agreement made between coaches and practices conflict, students will attend the priority sport practice for a week until 4:30 and then go to the secondary sport practice. Students will attend the secondary sport practice the following week until 4:30 and then go to the priority sport practice.
4. Both coaches and students will determine which competition an individual student will attend with the intent of an equal mix between. If the coaches and students cannot agree then the priority sport takes precedence.
5. Students wishing to change their priority sport must do so before the first competition.
6. Games take precedence over practice.
7. Conference events take precedence over non-conference events.
8. Conflicts at the district/sectional/state level will be decided by a conference involving A.D., athlete, parents and coaches.
