

Putnam County R-1 Schools

Ms. Kathy Lorensen
Putnam County High School
Room 8

Any student in a business class has the opportunity to join FBLA. It's a great way to help your community and it looks GREAT on resumes and college applications!

Have you signed your Acceptable Use Policy for the Internet???

**You know the rules —
no FOOD or DRINKS in
the classroom!**

My Late Work Policy

This year grades will have to be calculated and turned in more often (every 2-3 weeks I believe)..Because of this my late work policy is as follows:

Any assignment previously due that is turned in AFTER grades are calculated will be eligible to receive no more than HALF CREDIT.

How Do You Grade???

A = 100-90

B = 80-89 C
= 70-79

D = 60-69

F = 0-59

Accounting I is a great class for any student interested in understanding the basic functions of business.

Students who take Accounting I should expect to learn in a professional working and learning environment. All students should put forth their best effort in every assignment.

Accounting I is a year-long course that focuses on understanding the basic principles of accounting and why accounting is necessary for every business and individual.

YES, you can use accounting in your everyday life!

This class will cover the complete accounting cycle in its simplest forms (T-accounts, journal entries, etc).

The accounting cycle is then expanded by using *special* journals, ledgers and financial statements. As the accounting principles are learned they will be applied to problems, projects and simulations.

Accounting I is a prerequisite for Accounting 2 and 3

You **will** do better in this class if you read the text and take notes during class.

Any work not completed during class time will be considered homework — unless otherwise stated.

Grades are based on daily work and tests/quizzes.

Confused? Need more help?? NO PROBLEM!!!

Email me anytime. I can also be available before or after school — just let me know!
