

Putnam County R-1 Schools

Ms. Kathy Lorensen
Putnam County High School
Room 8

Any student in a business class has the opportunity to join FBLA. It's a great way to help your community and it looks GREAT on resumes and college applications!

Have you signed your Acceptable Use Policy for the Internet???

You know the rules —
no FOOD or DRINKS in the
classroom!

My Late Work Policy

This year grades will have to be calculated and turned in more often (every 2-3 weeks I believe)..Because of this my late work policy is as follows:

Any assignment previously due that is turned in AFTER grades are calculated will be eligible to receive no more than HALF CREDIT.

How Do You Grade???

A = 100-90

B = 80-89

C = 70-79

D = 60-69

F = 0-59

Video Editing is a great class for any student interested in how to produce a professional quality video. Students who take Video Editing should expect to learn in a professional working and learning environment. All students should put forth their best effort in every assignment.

Video Editing is a year-long course that focuses on topics such as: storyboarding, proper interview techniques, camera operation and editing of video/audio/pictures. Due to the nature of both news and television, this can be a very demanding (and fun!) course.

In order to meet deadlines and production schedules, the students in the class **MUST** have the following traits: excellent reading and writing skills, good time management, positive attitudes, and the ability to work well in a group.

Student will also be required to participate in video assignments outside of the scheduled class time!!!

All computer/editing work must be done in class...

This class will be a lot of fun, but it is very important to stay focused and work hard.

Confused? Need more help?? NO PROBLEM!!!

Email me anytime. I can also be available before or after school — just let me know!
