Web Design

Any student in a business class has the opportunity to join FBLA. It's a great way to help your community and it looks GREAT on resumes and college applications!

Have you signed your Acceptable Use Policy for the Internet???

**You know the rules –
no FOOD or DRINKS in the
classroom!**

My Late Work Policy

This year grades will have to be calculated and turned in more often (every 2-3 weeks I believe)..Because of this my late work policy is as follows:

Any assignment previously due that is turned in AFTER grades are calculated will be eligible to receive no more than HALF CREDIT.

How Do You Grade???

A = 100-90

B = 80-89 C
= 70-79

D = 60-69

F = 0-59

Web Design is a great class for all creative students interested in learning the basics of website design and creation. Students who take Web Design should expect to learn in a professional working and learning environment. All students should put forth their best effort in every assignment.

Web Design is a year-long course that will primarily use Macromedia Dreamweaver. Adobe Photoshop, Illustrator, Flash and Fireworks could also be used. This class will also be responsible for creating a website for a local business.

The Internet will be used in this class – all students will be required to read, understand and sign an Acceptable Use Policy for the Internet.

Keyboarding and Multimedia are prerequisites for this class.

You **will** do better in this class if you read the text and take notes during class.

There will be DEADLINES for all assignments.

Grades are based on daily work and tests/quizzes.

Confused? Need more help?? NO PROBLEM!!!

Email me anytime. I can also be available before or after school – just let me know!
